

## Proposal of Events in the Region of Murcia

### 01

#### Regional meeting on the Covenant of Mayors

Tuesday, June 20 // **INFO**

Knowing the existing and future situation of the Covenant of Mayors in the fields of Climate and Energy considering 2030 objectives, as well the support provided by INFO to Murcia Region municipalities as part of their commitment to fight climate change.

This event will include the presentation of ELENA-Fuensanta Project results, information on the development of a new method to create Sustainable Energy and Climate Action Plans (SECAPs) within the framework of the new LIFE-Adaptate project, as well as the official launching of the Regional Covenant of Mayors Group.

The municipalities will have the opportunity to participate in a number of work meetings aimed at taking into account their concerns, ideas and proposals. This will also be a perfect chance to jointly look for solutions and, for those interested, visit the premises of the light fitting manufacturer SECOM.

### 02

#### Event: "Circular Economy as a Climate Change mitigation model"

Thursday, June 22 // **Murcia Scientific Park**

Promoting the opportunities of the Circular Economy model as an alternative to Linear Economics "take, make and waste". Ensuring Europe uses resources efficiently is the main European strategy to favor sustainable growth and employment. Within this framework, companies will need to explore new business models based on the principle of "closing the life cycle" of products and services.

### 03

#### Civil dialog on Climate and Energy

Tuesday, June 27 // **San Esteban Palace**

The importance of listening to citizens in aspects directly affecting them, is the purpose of this workshop organized in collaboration with the European Committee of the Regions: creating a space for citizens to present their concerns, reflections and ideas on the future of Europe. The role of regions, municipalities and above all citizens is essential to build a more sustainable Europe. Topics such as Union for Energy, climate change mitigation and adaption, circular economy and sustainable mobility will be addressed during this event.

### 04

#### Workshop CITYinvest "Energy rehabilitation in buildings of the Region of Murcia"

July 5 & 6 // **Murcia Scientific Park**

Providing information on the current status of energy rehabilitation in the Region of Murcia, as well as its economic and social impact within the European Project CITYinvest (H2020). This will be followed by a training workshop on technical solutions for energy rehabilitation of buildings in the Mediterranean Rim.
